## **Playing Fields Update**

The playing fields continues to be looked after by volunteers and we are hugely appreciative of their work. Please do your bit by not littering on the field and picking up after your dog! A new bin will be arriving on the playing field soon.

We are also currently working with Ward Councillor Julie Reed on a new multi-use games area at the playing fields.

## **Garden Competition**

We will be running the annual Luddington Garden Competition with judging to take place in July. The categories include best hanging basket, best pots and best frontage. There's no need to 'enter' as judging takes place from the road sides. A shield and vouchers are up for grabs, so get planning your planting displays now.

## **Micro Grants**

We have SSE micro grant funding available, so if you have an idea about improving the village, from investing in planters to improving facilities of a club we may be able to provide financial support up to £300. Contact the clerk for more info.

## **Great British Spring Clean**

As part of the Great British Spring Clean we plan to do a litter pick (Covid restrictions allowing) on 29<sup>th</sup> May. We have litter picking equipment available for all so young and old can join us. Text or call Lisa on 07411300546 if you would like to get involved.

## **Dog Waste**

Villagers have brought to our attention an increase in the amount of dog poo not being picked up around the village. If you think more litter bins are needed on your walking route contact the clerk.

## **We Value Your Input**

Do you have any suggestions about improvements to the village? Let us know! We welcome input from everyone and you are welcome at our monthly meeting. Currently these are still taking place on Zoom so contact the clerk for more details. Or you can find out more about our meetings at our new Luddington and Haldenby Parish Council website.

## **Tree Planting**

We have planted nine oak trees on the large patch of grass opposite Ox Pasture Lane. We hope these trees will become a real feature in the village in years to come.
